

TAILINGS DAM LAB TECHNICIAN

The Red Chris mine has an opportunity within the TIA Department for a Tailings Dam Lab Technician. This position is for work at the remote Red Chris mine located 80km south of Dease Lake, BC in Tahltan traditional territory. The successful applicant will be required to work and stay in camp during their shift rotation. We offer a number of designated flight marshalling points within BC. Qualified applicants from the local communities are encouraged to apply.

Reporting to the Tailings Dam Construction Engineer, the Tailings Dam Lab Technician will be involved in the construction, maintenance and surveillance of the projects 30,000 mtpd tailings impoundment facilities and associated water management systems, working closely with the Operations and Environmental teams, as well as the Engineer of Record.

RESPONSIBILITIES

- Promote and participate in a safe work culture, following all site operating procedures
- Complete geotechnical materials lab analysis (i.e. density, gradation, proctor, ABA testing)
- Data management of all geotechnical lab testing results
- Assist / conduct field quality control tests for geotechnical materials
- Conduct / assist in dewatering activities including pump checks within the Tailings Impoundment Area
- Assist in tailings dam related survey work
- Order and maintain all lab equipment
- Drill and test pit programs
- Tailings pond sampling programs
- Ongoing data and materials management
- Assist in the operation of the Cyclone Sand Plant, as required
- Perform other duties as requested by the Tailings Dam Management Team

QUALIFICATIONS AND EXPERIENCE

- Mining Technology Diploma or similar combination of experience/training
- 5 years industry experience, preferably mining or heavy civil earthworks construction
- Experience with geotechnical materials sampling, field and lab quality control testing methods
- QA/QC experience on large earthworks projects
- Demonstrated knowledge of geotechnical materials testing and mineral processing
- Strong computer skills, familiar with 3D modeling software such as MineSight or AutoCAD, Civil 3D, SAP, MS Office, SharePoint, MS access skills would be desirable
- Must be able to work with minimal supervision once familiar with requirements
- A team player that works well with others
- Strong oral and written communication skills

QUALIFIED APPLICANTS CAN SEND THEIR RESUME AND COVER LETTER IN MS WORD OR PDF FORMAT TO:

Red Chris Development Company - hr@redchrismine.ca
